# What is Partnership?

---

# A Partnership is ...

---

Partnership is an association of two or more people as partners; a relationship in which two or more people or organizations work together as partners.

- Responsibility shared between two persons or two organizations working towards a common goal or objective
- Relationship between two persons or organizations who share available resources and a commitment to excellence
- An agreement or marriage between two persons or organizations that is demonstrated through clear concise, effective communication.

## How Can You Build Partnerships that Work?

# Building Partnerships that Work

---

Your Strength	Your Need	Your Job/Focus
Agency Need	Agency Strength	Agency Job/Focus
Mutual Benefit	Outcomes	Win! Win!

- Identify Your Agency Needs
- Identify Agencies that may have
  1. a common goal
  2. Different Job or focus
  3. Ability to meet the identified needs
- What are some ways you could support that agency?
